Purpose

- Learn the process above all else
- Think like a Developer
- Build Growth Mindset
- Desired results will follow

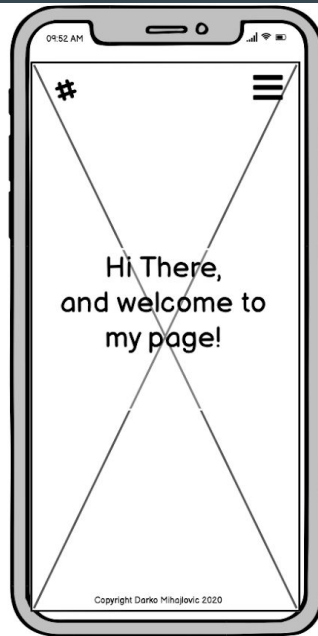

Design Concept and Sitemap

- Simple Navigation
- Hero Background
- Similar Components across all pages in the `<body>` tag
 - `<header>`
 - `<nav>`
 - `<main>`
 - `<div>`
 - `<section>`
 - `<article>`
 - `<footer>`
- External work embedded as subpages

WIP - Work in Progress and changes

- Hero Background applied to all pages, not just the home page
- **Interest** page removed and merged with **About** page
- Social Icons added to <header> Instead of Contact page
- Map removed in **Contact** page on Mobile devices
- Work experience removed from **Experience** page

Summary

- Responsive design achieved
- Hero Background success
- Agile methodology works!

“I need more raw experience. I've read and watched a lot of things, but I haven't done a lot of things. “

Marc Andreessen (Co-Author of Mosaic)
